

Alka-Misr

Alkaline Wash Powder

Composition :

Each 5 gm powder contains :

| | |
|--------------------------|---------|
| Sodium chloride | 1.66 gm |
| Sodium bicarbonate | 1.66 gm |
| Borax | 1.66 gm |

Properties:

Alka-Misr Alkaline Wash Powder is an effective preparation used to prepare an aqueous alkaline solution which is useful as an antimicrobial, antipruritic, lubricant and mild astringent, it is used as nasal and throat wash to render mucous less viscous, it is also used as a vaginal douche in cases when vaginal discharge is highly acidic and has an unpleasant odour.

Indications :

1- Nose & Throat :

- AS nasal wash to dissolve mucous.
- As mouth wash in inflammations of throat associated with dental problems and aphthous ulcers.

2- Vagina :

- Symptomatic relief of minor irritation and itching associated with vaginitis.
- Leucorrhoea and feminine hygiene.

Mode of Administration :

1 - Mouth & Nasal wash :

dissolve the content of one sachet (5gm) in half a glass of warm water :

- As nasal wash : by inhalation from 3 to 5 times per day
- for throat & mouth : gargle 3 to 5 times per day .

2 - Vaginal Douche :

dissolve the content of one sachet (5gm) in one litre of warm water and mix well. Use once or twice daily or as directed by the physician .

(Not to be used during pregnancy)

Packing :

Boxes of 10 sachets (5gm/sachet) and inner leaflet.
