For the Medical Profession Only

Normo-Tears

Composition:

Each 1 ml contains:

Dextran 70	1 mg
Hydroxy propyl methyl cellulose	3 mg
Benzalkonium chloride	0.02 mg

Properties:

Normo-Tears is a unique formulation with active ingredients providing optimal viscosity properties and proper corneal and conjunctival wetting to achieve rapid relief and comfort of signs and symptoms of dry eye.

Indications:

- Relief of irritation and burning due to dryness of the eye.
- Relief of discomfort due to exposure to wind or sun.

Dosage and Administration:

Instill 1 or 2 drops in the affected eye (s), as needed.

Precautions:

- If irritation persists or increases, discontinue use, and consult a doctor.
- Contact lenses should be removed prior to administration of **Normo-Tears**. Lenses may be reinserted 15 minutes following administration of the drug.
- Patients should avoid allowing the tip of the dispensing container to contact the eye(s) or surrounding structures to avoid bacterial contamination.
- If **Normo-Tears** solution changes colour or becomes cloudy, don't use.
- Discard one month after opening.

Side Effects:

No side effects have been reported.

Storage:

Store at temp. below 25°C.

How Supplied :

Plastic dropper bottles of 15 ml each.

Date of revision: April 2008
